- D. 見積もりはアクティブ状態です。

Answer: D

Explanation:

Topic 1, Humongous insurance Case Study

This is a case study. Case studies are not timed separately. You can use as much exam time as you would like to complete each case. However, there may be additional case studies and sections on this exam. You must manage your time to ensure that you are able to complete all questions included on this exam in the time provided.

To answer the questions included in a case study, you will need to reference information that is provided in the case study. Case studies might contain exhibits and other resources that provide more information about the scenario that is described in the case study. Each question is independent of the other questions in this case study.

At the end of this case study, a review screen will appear. This screen allows you to review your answers and to make changes before you move to the next section of the exam. After you begin a new section, you cannot return to this section.

To start the case study

To display the first question in this case study, click the button. Use the buttons in the left pane to explore the content of the case study before you answer the questions. Clicking these buttons displays information such as business requirements, existing environment and

problem statements. If the case study has an All Information tab, note that the information displayed is identical to the information displayed on the subsequent tabs. When you are ready to answer a click the Question button to return to the question.

Background

Humongous insurance provides fleet automotive insurance. The company's accounting year is July 1st-June

31st.

They have experienced rapid growth by acquiring brokerages that have locations in Canada, the United States, and the United Kingdom.

The company is making a big push for the Start of their second quarter on October 1st.

Current environment

- * United States salespeople are located in either the north, east south, west or national territory.

- * Only national territory sales team members can send quotes and Invoices across multiple territories.

- * Sales managers route leads based on territory.

- * Salesperson1 and Salesperson2 are part of the south region and the national account respectively.

- * Salespeople cannot accurately report progression of sales and whether they are closed or still in process.

- * Manager and underwriter approval is communicated by email.

- * Many salespeople use different quote layouts.

Requirements

Territories

- * Each territory must be set up as a Business Unit for security.

- * Each territory must have the ability to qualify its own leads.

Security

- * National sales team members must have privileges in order to see sales and account information managed by the regional sales teams.

- * Configure appropriate security for national and each regional sales.

Goals

- * Salespeople's goals must roll up to their manager's goal.

- * Goal metrics need to automatically calculate every 12 hours.

Quotes

- * Set up version traceability for quotes.

- * Quotes must be marked with the word "Final" when approved.

- * Quotes and orders must be generated in their clients' currency.

- * Quotes and invoices must be able to be viewed across a variety of devices.

- * Pricing must be standardized for insurance products while supporting tiered pricing across national and regional accounts.

Opportunities

- * Closed opportunities that are won or lost must capture competitor information. The company wants a visualization built for the categories related to why the opportunities closed a certain way.

- * When an opportunity is nearing time to quote, products should be added to the opportunity.

Other Requirements

- * Simplify data entry and reduce dual data entry.

- * Help salespeople and their managers keep track of where they are in the sales process.

- * Use out-of-the-box reports where possible.

- * Generate invoice numbers automatically.

- * Begin invoice numbers with the letters INV.

- * Allow managers to be able to view a diagram and drill down to leads converted in the last 30 days.

Issues

- * Salespeople cannot identify the sales process stage process for each customer.
- * Updated products are not easily updated within the product groups.
- * There is no pricing tool.
- * Salespeople must research each product every time they have to Quote a customer on a product
- * UserA is unable to quality leads.
- * The manager follows the process on an approved quote but an error occurs.
- * ClientA purchases products from multiple regions for a single order.
- * Not all products are available in regional pricelists or national pricelists.

NEW QUESTION: 3

You are a consultant hired to implement Profile Management. One of the requirements is to track the previous employment information for workers, including employer name, dates of employment, and job description. However, it is not required to set up and maintain content items for each employer, and this information applies only to person profiles.

What four actions should be taken?

- A.** creating a free-form content type
- B.** creating a non free-form content type
- C.** granting access employees, managers, and HR specialists to update the content section
- D.** adding the content type to the Person profile type
- E.** granting access to employees and managers to update the content section
- F.** adding the content type to the HRMS content subscriber code
- G.** granting access to HR specialists only to update the content section

Answer: A,C,D,F

Explanation:

B: Content types are the skills, qualities, and qualifications that you want to track in talent profiles. The content library contains predefined content types such as competencies, languages, and degrees, but you can create new content types as needed. You can also create free-form content types.

Content types contain:

- *Properties
- *Relationships
- *Subscribers

B, C: Setting Up a Free-Form Content Type - In the Setup and Maintenance work area, search for the Manage Profile Content

-- ---- --

Types task and click Go to Task.

On the Manage Content Types page, click Create.

On the Create Content Type page, complete the following fields: Code, Name, Description.

Select the Free-Form Type check box.

Click Save and Close.

On the Manage Content Types page, select the Previous Employment content type and click Edit.

On the Edit Content Type page, select the Subscribers tab.

On the Subscribers tab, select HRMS in the Subscriber Code field.

Click Save and Close.

D: Note that free-form content types do not contain relationships and do not contain properties until you add them to a profile type.

E: Employees, managers, and HR specialists should all have access to update the content

section. Note: Profile management provides a framework for developing and managing talent profiles that meet your industry or organizational requirements. Profiles summarize the qualifications and skills of a person or a workforce structure such as a job or position. Profiles are valuable for tracking workers' skills, competencies, and accomplishments, and for various talent management activities, such as career planning, identifying training needs, performance management, and in the recruitment process for identifying job requirements and suitable applicants.
