And you are bound to pass the 4A0-M15 exam with our 4A0-M15 training guide.

### **NEW QUESTION: 1**

A technician is working on a PC that utilizes a RAID array for operation. The user of the system has reported that random files are becoming corrupted on creation with no pattern to the activity. One drive in the array is likely failing and causing the read/write failures. Which of the following types of RAID is MOST likely in use?

- A. RAID 10
- B. RAID 0
- C. RAID 1
- D. RAID 5

**Answer: B**

### **NEW QUESTION: 2**

Scenario: Your organization employs single sign-on (user name and password only) as a convenience to your employees to access organizational systems and data. Permission to individual systems and databases is vetted and approved through supervisors and data owners to ensure that only approved personnel can use particular applications or retrieve information. All employees have access to their own human resource information, including the ability to change their bank routing and account information and other personal details through the Employee Self-Service application. All employees have access to the organizational VPN. Recently, members of your organization have been targeted through a number of sophisticated phishing attempts and have compromised their system credentials. What action can you take to prevent the misuse of compromised credentials to change bank account information from outside your organization while still allowing employees to manage their bank information?

- A. Enable monitoring on the VPN for suspicious activity
- B. Turn off VPN access for users originating from outside the country
- C. Force a change of all passwords
- D. Block access to the Employee-Self Service application via VPN

**Answer: D**

### **NEW QUESTION: 3**

An instructor asks a class if they understand the material being covered. Which of the following BEST describes the skill the instructor is demonstrating?

- A. Plan and use a variety of reinforcement techniques during training.

- B. Determine the learners need for clarification and/or feedback.
- C. Evaluate the effectiveness of the training to meet the learning objectives.
- D. Compare learner achievement with learning objectives.

**Answer: B**

#### **NEW QUESTION: 4**

You manage a guarded fabric in TPM-trusted attestation mode.

You plan to create a virtual machine template disk for shielded virtual machines.

You need to create the virtual machine disk that you will use to generate the template.

How should you configure the disk? To answer, select the appropriate options in the answer area.

NOTE: Each correct selection is worth one point.

**Answer:**

Explanation:

Explanation
