#### **NEW QUESTION: 1**

Cosmic Harvest is a company that produces olive oil. It uses Salesforce to manage customer information, and is setting up a security model based on organization-wide defaults, sharing rules, and programmatic sharing.

The IT Manager of the company would like the Salesforce developer to follow test driven development while designing unit tests to verify records that are shared using Apex. Which of the following considerations apply to the use of the runAs() system method for this requirement? Choose 2 answers.

- A. The user context is automatically changed to the administrator when using the runAs method
- B. The runAs system method can be used in unit test methods only.
- C. The runAs system method can be used in any Apex class.
- D. The original system context is started again after all runAs test methods complete.

**Answer: B,D**

#### **NEW QUESTION: 2**
