NEW QUESTION: 1

In order to plan the business analysis approach, the business analyst must understand the organizational process needs and what other thing?

- A. Stakeholders' threats and perceived threats
- B. Consideration of risk and reward
- C. Objectives that apply to the initiative
- D. Purpose of the proposed solution

Answer: C

Explanation:

Explanation

The business analyst must understand how the organization operates and the objectives of business analysis duties. Without a clear understanding of what the expected outcomes are to be of the business analysis duties, the business analyst cannot adequately plan for the business analysis duties.

Answer B is incorrect. It's important for the business analyst to identify and categorize stakeholders, but this isn't the best answer for this question.

Answer D is incorrect. The purpose of the proposed solution is valid only if the initiative is to solve a

problem. Business analysis can also occur to detail an opportunity, not just to create solutions to identified problems.

Answer C is incorrect. This isn't the best answer for this question.
