NEW QUESTION: 2

You have an approval process assignment to a loan request process. The requirement states that a request can be routed to one or more managers for their approval. The hierarchy of

approvals depends upon the total dollar amount of the request. For example, Cost Center Managers approve requests that are less than USD25,000. A request of greater than or equal to USD25,000 requires the approval of the Cost Center Manager, corporate Vice President, and Vice President of Finance.

How would you configure the routing for the approval process assignment?

- A. Configure a single level approval flow type and route to a workbasket accessible by the approvers.
- B. Configure a single level approval flow type based on an authority matrix.
- C. Configure a cascading approval flow type based on an authority matrix.
- D. Configure a cascading approval flow type based on the reporting structure of the current user.
