### **NEW QUESTION: 1**

Your company uses Office 365 for all employees. The company plans to create a website where customers can view and register technical support cases.

The solution must meet the following requirements:

- \* Provision customer identities by using social media accounts.
- \* Users must be able to access the website by using social media accounts including Facebook.
- \* Employees of the customer service department must be able to access the site to read the cases and resolve them.

You need to design an identity solution for the company.

Which two actions should you recommend? Each correct answer presents part of the solution.

NOTE: Each correct selection is worth one point.

- A.** a new Azure Active Directory (Azure AD) tenant
