In addition, we have strong research competence, Once you finish the installation of our HPE0-J68 actual exam materials, you can quickly start your learning process.

NEW QUESTION: 1

Cosmic Service Solutions has three branches in the role hierarchy for the three regions in the United States where it provides support services to other companies. The organization-wide default sharing setting of the Case object has been set to 'Private'. When working on case resolution, the support agents in the western branch should be able to collaborate by sharing case records with the support agents in the central branch of the hierarchy. No other users in the company, including the managers, should be able to gain access to these records. What can a Salesforce Architect recommend to meet this requirement? Choose 1 answer.

- A.** Create an ownership-based sharing rule to share case records owned by the role of western support agents with a public group of central support agents.
- B.** Create a criteria-based sharing rule to share case records owned by the role of western support agents with the role of central support agents.
- C.** Create a criteria-based sharing rule to share case records owned by the role of western support agents with a public group of central support agents.
- D.** Create an ownership-based sharing rule to share case records owned by the role of western support agents with the role of central support agents.

Answer: A

NEW QUESTION: 2

HOTSPOT
