NEW QUESTION: 2
A company needs to illustrate the relationships of the entities in Dynamics 365 Sales. You need to select the appropriate tool to show this graphic. Which tool should you select?
A. Security model
B. Power BI
C. Metadata diagram
D. Web services
Answer: C
Explanation:
Visual representation of metadata can be very useful, especially when you are trying to describe the relationship between entities in the system. You can use the Metadata Diagram sample code provided for Dynamics 365 Customer Engagement (on-premises) to generate the entity relationship diagrams. You can create a simple diagram that shows a relationship for just one entity, or a complex diagram that includes dozens of related entities, including custom and system entities.
