NEW QUESTION: 2

Which customer types represent businesses that could be in a horizontal market sector?

- A. A regional hospital and a healthcare clinic
- B. A regional bank and a healthcare clinic
- C. A discount food store and a supermarket
- D. A regional bank and an international bank

Answer: D

Explanation:

* A horizontal market is a set of diverse business and government entities grouped according to a common need for selected goods and services. In contrast, a vertical market is a chain of goods and services providers within a single industry or government sector. Horizontal market spread across multiple industry but based on one technology.

*A horizontal market is a market that supplies many industries, in contrast with a vertical market that supplies just one.

*Horizontal markets cross industry boundaries.
